CASE IN POINT

City of Atlanta Uses MyPorter for Super Bowl Warehousing and Final Mile Delivery Services

The Challenge

Atlanta won the right to host the 2019 Super Bowl in the Mercedes Benz Super Dome. The city hosted events for a month with increasing intensity as the game drew closer. They needed a provider to pickup furniture, fixtures, equipment, and signage from the Georgia World Congress Center, provide storage services, and then redeliver the goods back to the Merchandise Mart.

How we Helped

To proactively address these issues, MyPorter sent a project manager out to the Georgia World Congress Center to perform an accurate estimate. Working with the City of Atlanta's liaison for the Super Bowl, MyPorter delivered a holistic solution that consisted of pickup, storage, and delivery services for the merchandise in a very specific order.

Results

The project went off without a hitch. As Atlanta is MyPorter HQ's hometown, the team took special pride in ensuring that the City of Atlanta could put its best foot forward for outside visitors. It was without a doubt one of the most rewarding and interesting projects that we have had the privilege of working on.

"MyPorter was a god send. I had enough on my plate without coordinating logistics and I never had to worry they would do their job"
-Atlanta Super Bowl Project Manager
